“Brian is one of the best at helping people create a world-class blueprint for their life, not just goals but sustainable success. His Mapping Systems are a blast and really effective.” Anthony Robbins

Born into a travelling fun-fair family with a nomadic childhood Brian left school early with no qualifications and a poor education. When the family business failed in the UK recession of the late 1980s he lost what seemed like everything; his income, his home and his marriage. He was 29 years old, a million pounds in debt, and still relatively unable to read or write.

It was at this seemingly low point that Brian discovered the keys to success: that you can change your life by changing your thoughts and feelings about it. Using simple but powerful techniques Brian learned to hold positives thoughts by setting goals and through them gradually transformed himself and his life. Now an international speaker on human potential, Brian empowers hundreds of thousands of people around the world with his unique systems for success. Goal Mapping in particular has helped people from all walks of life to turn their dreams into realities.

“Brian has a unique ability to communicate and teach the life skills that are critical for success. He is refreshing and admirable and I recommend him to anybody who is ready to create Their Best Life” Christopher Howard

Brian's acclaimed books, audios, videos and live presentations have won universal praise for their clarity and effectiveness, helping not only individuals to achieve their aims and goals, but also leading organisations such as **Siemens, Microsoft, and British Telecom.**

A UK National Training Award recipient, author of four books in eight languages, and creator of the Seven Magic Keys children's development programme, Brian is closer than ever to achieving his core goal of helping to lift seven million lives with his success systems.

“Of the hundreds of speakers I have seen, Brian Mayne is the most inspiring. He is, quite simply, the very best.” David Taylor, author of 'The Naked Leader'
